What follows is your personal natal chart information, as well as interpretations of the positions and aspects in your chart.

With this report, you will find out the positions of the planets in your natal chart by sign. The most personal of these are the Sun sign, Moon sign, Mercury sign, Venus sign, and Mars sign. Most people already know their Sun sign. If your time of birth is known, you will also find out your Ascendant, or rising sign, as well as the positions of the planets in the houses of your chart. Aspects between the planets are also listed and interpreted.

Each paragraph of interpretation refers to an individual position in your chart. All of these positions and aspects are some of the "parts" that make up a "whole"--you! Some of these interpretations will be contradictory, just as people are contradictory. A person can be downright timid in love, and that same person can be aggressive in business. Not only that, we evolve and grow throughout our lives, facing challenges that help us to handle our positions and aspects in a different way. We all have choices, and one of the largest benefits of astrology is the ability to understand ourselves better so that we can work with our natal charts rather than against them. Any computerized report that interprets the individual placements in a natal chart is somewhat disjointed, simply because the different parts that make up the whole are not synthesized.

Some of the interpretations that follow are detailed, while others are brief. You can do some further reading about different positions (such as Moon in Libra, Saturn in the 10th house, Moon conjunct Mercury) in your chart by exploring our own site, other astrology sites, and by reading astrology books.

The tables here show the technical details of your natal chart, personalized based on your birth data. Below the tables is your free birth chart report.

Planet Positions, Ascendant, & Houses

The following table shows the position of the planets in your chart, by sign and degree. On the right, you will find the sign of your Ascendant and the signs on the cusp of each house in your natal chart. The Roman Numerals refer to the houses, where the Ascendant is also the first house and the Midheaven is also the tenth house. For example, if the sign Taurus is next to Mars, you know your Mars is in Taurus. If the sign Libra is next to Venus, you know your Venus is in Libra. If Cancer is next to Ascendant, you have a Cancer Ascendant, and if Leo is next to II, Leo is on your 2nd house.

Natal Chart Report

Birth Chart

This birth chart report shows the positions of the planets for Derek Erdman .

The Sun represents vitality, a sense of individuality and outward-shining creative energy.

Sun in Sagittarius

Restless, cheerful, and friendly, Sun in Sagittarius people are generally on the go. They have a love of freedom, and a disdain for routine. Generally quite easygoing, Sagittarians make friends with people from all walks of life. They love to laugh and tease, and get along well with both sexes. Sagittarians have an often blind faith in people, and in the world. Their optimism is infectious, although it can get them into trouble from time to time. These are curious people who love

to learn. Their idealistic nature is hard to miss.

Although generally easygoing, Sagittarius is a fire sign. This gives natives a generally quick temper. Fortunately, they're usually as quick to forget what got them angry in the first place. The need for escape is generally strong, and some Solar Sagittarians come across as a little irresponsible. They're generally easy to forgive, however. After all, their direct, honest approach in life is admirable.

Short description:

He is good, idealistic, enthusiastic and warm-hearted. He is independent, has a taste for travel and freedom. He is curious and fair-minded.

Weaknesses: He is too adventurous and leaves things to chance: takes risks which cause problems: he is rebellious and sometimes tactless when offering opinions.

Sagittarius ascendant Libra

Sun in II

You take pride in what you own, and have a strong drive for security. You have staying power, and you hate to let others down once you've made a promise. Avoid over-identifying with what you have. Concentrate on proving your worth through your strong value system and your incredible ability to stick with things and with people. Take pride in the solid and secure foundations that you build, as well as the lasting relationships you aim to maintain, while being careful to avoid possessiveness. You seek a safe and secure job, you satisfy your needs, which are substantial. You may be given to spending money impulsively.

161 Conjunction Sun - Neptune

There is an unmistakably dreamy, inspired, and sensitive side to you. A marked appreciation for music and the arts is present. The connection of Neptune with the Sun, which represents the ego and the will, certainly softens some of the hard edges that might be found elsewhere in the chart, adding a sensitive and spiritual dimension to your personality. You are naturally compassionate. It is so completely natural for you to accept that there is more to the world than what is before your eyes, that you tend to presume everyone must be spiritually-inclined. Of course, you come to realize that this is not the case at some early point in your life. Your attraction to spirituality and metaphysical subjects is usually marked. These aspects favor writers, artists, and musicians. You are sensitive to those who are suffering, although you are not usually taken advantage of. You are humanitarian and may have a special connection with animals. If other aspects and positions in the chart support it, you are not one to dominate others or assert yourself to the point of brashness. You have a fertile imagination, are full of inspiration, and very emotional - all qualities that you may use on the professional level.

The Moon represents the emotional responses, unconscious pre-destination, and the self-image.

Moon in Aries

Nothing quite happens soon enough with this position of the Moon. There is an inherent impatience with getting what they want. Life is a series of emergencies for Lunar Ariens. They live in the moment and have a hard time waiting for things to happen. Whims of the moment take absolute precedence in their lives. This is a fiery position of the moon. Even if the Sun or rising sign is more low-key, Moon in Aries people possess inner passion and fire. Emotional issues take precedence—there is simply no pussy-footing around when it comes to dealing with the feelings. And, dealing with new sentiments and needs stirs up a huge desire for activity. Moon in Aries has a need for acting out their needs, with no time to waste. It is hard for them to see the long-term, or to wait for things to happen. Instant gratification rules!

Oddly enough, this is a very defensive position of the Moon. These natives take things very personally, and they deal with problems by facing them right away so that they can then get on with other things. Their flare-ups generally end almost as quickly as they started. Lunar Ariens have an unmistakable independent streak. They put themselves right out there in the world, and make an impression in whatever they do. Their self-confidence is actually variable. Although a strong personality is projected, Moon in Aries people go through plenty of ups and downs. Their moodiness is not like Cancer or Pisces moodiness—they don't withdraw into themselves or escape the world when they're down. Instead, they are temperamental. Some might say that people with Moon in Aries actually enjoy trouble and confrontations. Indeed, this position is easily bored with environments that are too peaceful. Their homes—especially their childhood homes—are often battlegrounds. They rule the roost, or at least want to, and are not the most peaceful of folk to live with!

Moon in Aries men and women are prone to have plenty of crushes and other short-lived yet intense desires. "Needs" and "wants" are indistinguishable to Lunar Ariens at any given time. In their minds, what they want is so powerful that it becomes an absolute need. In young adulthood, they can be dangerous with a credit card. Whoever offered the advice to freeze your credit card in a container of water, and then let the block of ice thaw before using the card, unwittingly had people with Moon in Aries in mind. The whole idea was to see if the shopping whim of the moment would pass by the time the card was ready to use. Still, with this scenario, I wouldn't be surprised to see Moon in Aries hacking away at the ice. That is, if Aries actually takes the advice in the first place!

Others will appreciate that people with Moon in Aries rarely sulk or play any drawn-out games of manipulation. You can pretty much know what they want at any given time. They are generally ruled by their own emotional needs, and they're not always as concerned about others' needs during these "emergencies". Somehow, they have people around them scrambling to help them solve their problems. There's an aura of childlike innocence around Lunar Ariens, even when they're getting their way again, that can be charming indeed!

Moon in VII

Marriage is very important for him, for better and for worse. Cannot stand being alone. Likes business relationships.

-23 Square Moon - Venus

Because you value harmony, you may find yourself giving in to others too easily, especially in the first half of life. Resentment is possible, as you can feel that you are the one who seems to do all the acquiescing. There can be a distinct tendency to become friends (and lovers) with people too readily, simply because there is a strong need for approval and a hunger for receiving affection. As such, you may get involved with people who seem to really like you, and you fail to consider whether you actually like them back! It's somewhat of a weakness, as you are very charmed by the idea that someone seems to really like and appreciate you. Generally, one of your life's lessons is to learn to discriminate more and to get in touch with what you truly want and need. The functions of the Moon (which rules the emotions and feelings, amongst other things) and the functions of Venus (which rules social relationships, harmony, and partnership, amongst other things) are at cross-purposes. When you attempt to feed the needs of one function, it is often at the expense of the other, until you find some sort of balance. This can play out in a variety of ways. For example, there can be conflicts in partnerships about parenting or whether or not to have a family. You may find yourself compromising your own emotional needs in order to find and keep love. Peace and harmony are important to you--perhaps too much so, as you can easily be taken advantage of. Insecurity is something that you need to deal with at some point in your life. Very sensual, you sometimes replace love with food or shopping! You can also be quite sexually active and sometimes quite lustful. You possess a distinct lazy streak. You are capable of working hard, but you truly appreciate luxuriating and enjoying as many pleasures as possible, and self-discipline simply isn't always at your disposal!

207 Conjunction Moon - Mars

You are a passionate person who loves life. Although your emotions are powerful and immediate, your passion is generally controlled and directed. You are a sexual person who nevertheless doesn't get too carried away or controlled by your passions. Because your emotions are strong and you know how to channel them into constructive channels, you don't easily understand such things as "crimes of passion", impulsive behaviors, or emotional excitability in others. You're generally open, accepting, and natural in your sexual expression. You need an emotional connection in order to feel complete on a physical level. You may have an affection and talent for sports, but other factors in the natal chart are necessary to provide the motivation and commitment.

Short description: He is frank, honest, full of vigor and ambition. He is strong-willed and powerful at work. He is a little hard on himself but, above all, on others whose capacity for action is not as great.

-169 Opposition Moon - Uranus

He has a feverish, non-constructive restlessness. He is too susceptible. His life is full of change. He is irritable and stubborn at times due to an inner restlessness that is hard to satisfy. He has difficulty concentrating on a job. Nervous strain. His friendships are like his professional and love life - sometimes unstable. There is a strong need for closeness, but when people get too close, he gets cagey, as he

values personal freedom just as much.

-134 Opposition Moon - Ascendant

He is unhappily influenced by the family. He is probably loved insufficiently by his parents, but looks for more love especially from his mother. He is susceptible, has superficial sensitivity and is sometimes irascible.

-67 Square Moon - Midheaven

He has an irresolute nature, with sudden changes of humor. He is unstable and does not follow through on his own objectives. This instability shows itself not only in professional life but also in love life and friendships.

Mercury represents communication, Cartesian and logical spirit.

Mercury in Scorpio

He is extremely observant and astute, always reading between the lines and looking for the real meaning behind things. Passionate in speech, excellent at strategy. Natural psychologist.

Mercury in II

Intelligence geared towards ways of making money, becoming rich. All methods are good, sometimes he is on the borderline of honesty, with a tendency to be fraudulent.

116 Sextile Mercury - Venus

He looks on the bright side of life: he is gay, agreeable, optimistic, sociable. He likes to speak and write, and does both with charm and artistry. His intellectual pleasures are influenced by his feelings. He is amorous and sensual. He likes beauty, the Arts but also travelling.

69 Trine Mercury - Midheaven

He likes to have his own ideas about things, to form an opinion and think over the problems it poses. He is an intellectual.

Venus represents an interest for emotions and values, exchange and sharing with others.

Venus in Capricorn

Venus in Capricorn people will try to win your heart by displaying self-control, presence of mind, and responsible behavior. These lovers want you to know they are goal-oriented, witty, savvy, and controlled. Nobody can get the best of them. They want you to see just how competent they are. They like some measure of predictability in their relationships as they are cautious in love.

Venus in Capricorn men and women project an aura of competency and their

loner-like behavior can be attractive, in a cool way. They don't go gaa-gaa over love, or at least they don't express as much. Their lovers may complain that Venus in Capricorns are a little too practical and deliberate. Certainly, they can come across as lacking in warmth and spontaneity. Truth is, they can be rather romantic souls who yearn for a partner to share their lives with. Others' image of their relationship matters to them. They are conservative and willing to commit. Venus in Capricorn people are attracted to serious, goal-oriented lovers. They are a little shy in matters of the heart, but they don't want you to know it. If you like knowing where your relationship is headed, you'll be mighty pleased with Venus in Capricorn. These people plan ahead in love, and, unlike Venus in Pisces, they will let you know exactly where they (and the relationship) are headed. Pleasing Venus in Capricorn involves showing them you are practical and realistic. They want to impress you with the things they do. Appreciate their "saving for a rainy day" attitude, and be aware that they want to show you off in a quiet way.

Venus in IV

He is lucky enough to have many happy occasions all through life. Strong friendships which can effect the emotional life. He also makes a good marriage. Happy family life. Good work situation.

-104 Square Venus - Mars

While he is passionate, he likes carnal desires and voluptuousness above all. He goes to excess, is unfaithful and often unsatisfied. Serious family quarrels in view.

-59 Square Venus - Uranus

He looks for new sensations in love and is often unsatisfied by affairs which quickly turn into purely conventional relationships. He likes novelty, adventure, the eccentric: he is frivolous, unstable, unfaithful. Marriage is not for him and, if he does throw himself into this adventure, it will end in divorce, written off as a youthful mistake. As a result of his numerous love affairs, he makes sure his line is continued.

3 Trine Venus - Pluto

His emotional and sex life is powerful and rich. He lives out truly passionate love affairs.

-84 Opposition Venus - Midheaven

He is vain and jealous. Both married life and professional life are difficult with such a character.

Mars represents the desire for action and physical energy.

Mars in Aries

This is a very impulsive position of Mars. The first instinct for Mars in Aries natives is to take action. Quick flare-ups characterize the Mars in Aries character, but their anger usually doesn't last for too long. In fact, these people generally don't live in

the past, and are not given to holding grudges or feeling resentful. Generally, their temper comes quickly, and they deal with anger on issues right away—with this kind of character, there is little room for festering. When Mars in Aries people listen to their instincts, they generally get things done, and they make fast and (usually) decent decisions. They don't naturally stop to smell the roses—or consider others' point of view—when they are deliberating over what to do next. In fact, "deliberation" works at lightning speed for these natives, so they could hardly be called deliberate. Spontaneity is one of their assets; as are simplicity, purity of action, and innovation.

Mars in Aries natives are often a step ahead of the rest of us. A life that is too predictable makes them antsy. Mars in Aries people enjoy starting fresh—new ideas, pioneering action, and fresh projects make them happiest. They generally enjoy challenges. Relationships with these natives can be exciting, but keeping up with them can be difficult. They are given to impulsive action, and they are not known for sticking things through. Although their physical energy is great, they can lose their initial enthusiasm quickly. Mars in Aries natives are easily irritated by indirectness from others. They expect others to say things straight—no beating around the bush. They easily become impatient with convoluted plans, or with people they consider to be slow to action. Most people with this position of Mars have a childlike quality to them. Sometimes they're downright rude and impatient, but with Mars in Aries natives, you generally know what they're after. Unless Mars is afflicted in the chart, you can also pretty much trust that they don't have hidden agendas.

Mars in VII

He dominates his associates, colleagues. He is the same in love life, dominating the spouse and this makes for a stormy relationship in prospect.

-260 Opposition Mars - Uranus

He is full of contradictions. He is original, tending to the eccentric, violent, headstrong, impatient and irascible. He fights to the bitter end to overcome hurdles, and has the strength to overcome them.

-87 Opposition Mars - Ascendant

He is quarrelsome, critical and violent. His success is obtained by dubious means.

-78 Square Mars - Midheaven

He suffers professional setbacks because he is too impulsive, imprudent and lacks forethought.

Jupiter represents expansion and grace.

Jupiter in IV

He likes and believes in justice. He is an optimist and is generous. Professional success is rapid and helped by the family. Family life is very important for him. He likes comfort, well-being at home. He knows how to entertain in style and above all with pleasure: his house is always open to friends.

76 Sextile Jupiter - Neptune

He is very generous and altruistic, helping people in difficulty or sick people. He knows how to listen or, at least, how to give that impression. He is a dreamer, with lots of imagination: he likes the Arts.

40 Trine Jupiter - Pluto

He likes to direct, is intelligent and is an organizer of the first order.

Saturn represents contraction and effort.

Saturn in Cancer

Saturn in IX

He is studious, patient, rigorous, austere. He likes reflection, meditation. He carries out all the plans he makes. He is a stay-at-home.

11 Trine Saturn - Uranus

He knows how to be on top of the situation. He perseveres, is determined but ingenious and original. He is very practical. He proceeds slowly, but is always bound to achieve his objectives in the end.

-12 Square Saturn - Pluto

He is not open to others' ideas, especially if they are free-thinking. He is an egoist and has a narrow mind.

Uranus represents individual liberty, egoistic liberty.

Uranus in Libra

Well-developed artistic leanings. His balance can be upset by too great an independence.

Uranus in I

He is above all independent and original. Sometimes blunt and irritable. Never lets himself be influenced. He does not tolerate any sort of setback. He is ready for adventure, even though it's risky.

60 Conjunction Uranus - Ascendant

He is always changing, is unstable. He is ready to innovate, to change everything. He is inventive.

-24 Square Uranus - Midheaven

Neptune represents transcendental liberty, non-egoistic liberty.

Neptune in Sagittarius

Likes long voyages, things foreign, water.

Neptune in II

He may prefer not to attach too much value to money, but if this is overdone, there can be quite a few problems in life concerning money and ownership. He might make money through artistic pursuits, but must avoid the potential pitfalls of putting too much faith in ideas that don't have enough grounding in reality. Financial advice is important to obtain.

Ascendant in Libra

Everybody seems to like Libra Ascendant natives. They just come across as nice, pleasant, and fair. Look a little closer at their lives, and these nice people may have had quite a few problems in their relationships. Some of them have had a string of relationships, and it can be hard to imagine why! These natives attract others to them effortlessly. Besides, they simply don't know what to do with themselves without a significant other. Libra rising generally appear to be smoothing everything over. They have charming smiles, a gentle approach with others, and an easygoing image. Even if they were not endowed with good looks, they are attractive. Most pay a lot of attention to their personal appearance -- the colors they wear, their hair, the way they walk.

Libra rising people can be enormously persuasive, although they will almost always use a "soft sell" approach when they want to win others over, which is all of the time! A tendency to pass the buck and keep up that "nice guy/gal" image are their worst qualities. However, they can make excellent mediators and will generally be the first to accommodate you. Libra rising natives are usually attracted to competent, active partners. Their relationships are often characterized by bickering or competitiveness until they learn to drop their sweet image once in a while and to stop blaming their partners for everything that goes wrong.
