

Charles Manson In A Rangers Cap - 18"x18" Latex On Wood 2009

Here's a painting on wood of Charles Manson in a Texas Rangers cap. It has been revealed recently that Charles Manson is a really big fan of the Rangers and fantasy sports. At the jail where he is incarcerated his fantasy team AWESOME ATWA came in 2nd place, which is pretty good. He recently acquired Albert Pujols in a trade with another man on his cellblock Mario "Fingers" Rodriguez. "Fingers is dumber than the skin on a cat," Manson said regarding the trade. "The Machine is batting .334!"

Cleaning Up - 6"x12" Latex On Wood 2009

Some people like to clean; some people don't like to clean. People that don't like to clean are dirty. Being tidy and being clean are two different things. At home I keep things in order but things are dusty. I get mad at my roommates when they don't put things back where I say they belong. They call me HITLERD.

Commodore 64 - 16"x24" Latex On Wood 2009

This computer painting will tug at the heartstrings of most 30-something males. When the Commodore 64 was introduced to the retail market in 1982, it cost \$595. After looking at this painting my roommate Julia said, "That painting is really boring." That's because she's a girl. But she is right, in a sense, because I didn't even bother to paint anything on the keys.

Death Is Wack - 18"x18" Latex On Wood 2009

The word "wack" is regarded as slang to mean eccentric or very bad. In this case it is the latter. People in general don't like death or to die. Some people might say that being deaf is "wack", but it turns out that being "def" is good, or "dope".

Dog, Doll & Girl – 10.5"x15" Latex On Wood 2009

GET THIS: this painting is a dog that's about to pounce on a girl's doll that has obviously already been smashed. It's like, you know, adding the old INSULT TO INJURY. But don't feel bad about this, because that girl is going to take that dog outside and leave it in the fenced-in back yard overnight. THEN a giant rainstorm will come and the dog will be all wet. Revenge is sweet and wet; I am eating pizza right now.
